Talal Abu-Ghazaleh International University

TAGI-UNI is the people's gateway to the world's best education, promoting global citizenship and individual responsibility. Under its mission "to make accredited educational programs accessible to everyone, everywhere", TAGI-UNI uses partnerships - comprised of a network of universities, non-government organizations, training institutions, and language schools - as its modus operandi to deliver comprehensive education to a global student body. Thus, digital education provided by international institutions compels individuals to understand their interdependence and their interconnected roles in the modern world.

With its vision of "world-class education as a human right", Talal Abu-Ghazaleh University seeks to democratize education through a system of channels to open students' dialogue with one another, therefore putting the quality of interaction in their hands. TAGI-UNI makes it possible for the transforming societies to embrace new concepts emerging from the ground up, given that accessibility to education is paramount for maximizing these societies' potential.

Talal Abu-Ghazaleh University provides boundless world-class higher education across the globe to learners who may be unable to afford the costs of travel. All programs offered are of the highest caliber and relevant to global job market needs.

‘Abu-Ghazaleh International University’ Opens Registration for the Academic Year 2022

AMMAN - Talal Abu-Ghazaleh International University (TAGI-UNI), a member of Talal Abu-Ghazaleh Global (TAG.Global), announced that registration for the international academic programs (Bachelor and Master) for the academic year 2022 is now open.

For students who wish to enroll in one of the TAGI-UNI programs, registration is conducted through the University Admission and Registration Department at TAG.Global General Building in Shmeisani in Amman or electronically through TAGI-UNI website: www.tagiuni.com.

It is worth mentioning that the University offers a set of academic (Bachelor’s, Master’s and Higher Diploma) programs in a number of new disciplines such as Innovation and Entrepreneurship, Cybersecurity, Artificial Intelligence and Data Analytics, Digital Marketing and Human Resources Management.

HE Dr. Talal Abu-Ghazaleh, founder of TAGI-UNI, stressed that: “Learning today is based on innovation and creativity, as information and educational material are no longer available in books or at campuses only. It rather evolved into a new type of open education that is based on digitization and information technology, to which our students should be guided and directed to in this era.”

For her part, Executive Director of TAGI-UNI, Dr. Mushira Enezat, stated that TAGI-UNI is the only University that provides higher education online in the Arab region that aims at graduating a creative generation which is capable of keeping up with digital technology.

She added that the University focuses on the provision of a creative environment for research, experimentation and creativity to access scientific and research innovations in accordance with the best and latest methods of modern education.

‘Abu-Ghazaleh International University’ Opens New Branch in Qatar

AMMAN - Talal Abu-Ghazaleh International University (TAGI-UNI), a member of Talal Abu-Ghazaleh Global (TAG.Global), has decided to open a new branch in Qatar in order to provide study opportunity for those wishing to enroll in one of its programs in Qatar and the neighboring countries.

On this occasion, HE Dr. Talal Abu-Ghazaleh, TAGI-UNI founder, stated that the University’s expansion is due to the significant university role and efforts in keeping pace with the global advancements in the Technology Era and the Fourth Industrial Revolution, as well as in response to the challenges of distance learning. Dr. Abu-Ghazaleh further pointed out that the University; in collaboration with a number of major universities specialized in humanitarian,

social and technological education in the bachelor and master's programs, introduces the most important academic programs, and provides an incubator for students' technological innovations and inventions in order to achieve the goals of the Arab technological, sustainable and comprehensive development.

He also affirmed that the opening of TAGI-UNI new branch would be followed with the inauguration of new branches in different countries to simplify enrollment procedures for students from all Arab countries.

It is worth mentioning that the new branch in Qatar will be managed by the economic expert, Dr. Abdul Rahim Al Hour, in cooperation with

the University's head office in Amman- Jordan. The new TAGI-UNI Qatar branch will focus on the digital academic education, qualifying professional Arab cadres, developing the academic and training materials. It will also focus on organizing and holding workshops, training courses and specialized conferences in the digital academic field, in addition to cooperation in the fields of capacity-building, as well as training in Information Technology (IT) and digital technology skills.

For his part, Dr. Al Hour praised the TAGI-UNI role in supporting the students who wish to pursue their education remotely, pointing to the University's distinguished reputation and distinction regionally and internationally, considering that it was established years ago, at a time when the trend towards distance

learning was so limited, in comparison with the situation now.

TAGI-UNI Executive Director, Dr. Mushira Enezat, stressed the importance of digital learning as one of the major factors in driving students' creativity and innovation, noting that the world is experiencing a rapid technological development in light of the Fourth Industrial Revolution which had prompted the establishment of a new branch in Qatar to keep pace with the rapid developments in the distance learning revolution.

It should be noted that Talal Abu-Ghazaleh International University (TAGI-UNI) is one of the academic institutions affiliate with TAG. Global that offers academic and professional programs to young people digitally.

‘Abu-Ghazaleh International University’ Participates in the 5th Session of Governance and Sustainable Development

AMMAN - Talal Abu-Ghazaleh International University (TAGI-UNI), a member of Talal Abu-Ghazaleh Global (TAG.Global), has participated in the 5th session of the Governance and Sustainable Development 2022 conference that was held digitally -for the second time because of the Corona virus restrictions- by the Indonesia-based Bandar Lampung University, with the participation of high-ranking international universities.

The conference was attended by members of University of Peloponnese, Humboldt International University and a number of international universities, in addition to 500 students from the participating universities and other educational institutions around the world.

represented the University in the said Conference, where she presented a research paper on “Governance and Sustainable Development”, in which she stressed the importance of sustainability in the management field for the improvement of competitiveness, responsibility and community confidence.

Dr. Eneizat outlined key challenges and opportunities in the areas of governance and sustainable development, highlighting

different models of sustainable management identifying their elements and similarities. She further called for expanding the scope of theoretical development to achieve best practices in corporate governance and to ensure sustainability.

It is worth mentioning that TAGI-UNI was the only participant from the Arab region in the Conference’s fifth session.

Abu-Ghazaleh, Keynote Speaker at ‘Smart Industrial Cities’ Forum in Baghdad

BAGHDAD - Upon an official invitation from the Iraqi Minister of Industry, HE Dr. Talal Abu-Ghazaleh, founder and chairman of Talal Abu-Ghazaleh Global (TAG.Global), took part as a keynote speaker at the Economic Forum for Industry, Smart Industrial Cities and Small and Medium Enterprises, held in Baghdad by Ministry of Industry and Minerals, under the patronage of H.E. Minister of Industry Mr. Manhal Aziz.

The Forum was attended by a large number of Iraqi and Jordanian businessmen, representatives of relevant industrial and smart cities authorities, and supporting institutions of small and medium enterprises.

In his keynote address, Dr. Abu-Ghazaleh stated that the transformation of industrial cities into smart and sustainable cities became ‘imperative’ in light of the technological development and the transformation to smart industrial and knowledge production, as well as smart government and economy. He affirmed that such transformation aims to achieve several goals, most importantly, the preservation of environment, the provision of best services, and the realization of export competitiveness.

Dr. Abu-Ghazaleh indicated that digital transformation is not limited to e-commerce or e-government; rather, it is an integrated plan he affirmed, expressing his optimism in

the progress of the Arab countries towards digital transformation. He therefore called on decision makers in the Arab countries to set up an integrated and consistent strategy to achieve digitization.

Dr. Abu-Ghazaleh concluded that TAG.Global managed in a short period of time to achieve success in manufacturing technological devices that serve plans of digital transformation by building three factories for this purpose in China, Egypt and Jordan to contribute to the support of Arab governments and all other institutions in their digital transformation process.

For his part, Minister Aziz stated that the aim of the Forum is to reach industrial and economic integration between Iraq and Jordan, referring to a number of cooperation agreements that have been signed between the two sides that serve Iraq’s efforts towards digital transformation.

It is worth mentioning that an agreement was signed by TAG.Global and Al Manar Human Resources Training and Consulting Company on the sideline of the Forum, to cooperate in developing and implementing joint face-to-face capacity building programs, as well as digital and remote training programs that aim at preparing and implementing education and training consulting projects.
